DIARY NOTES

DD/S

9 August 1965

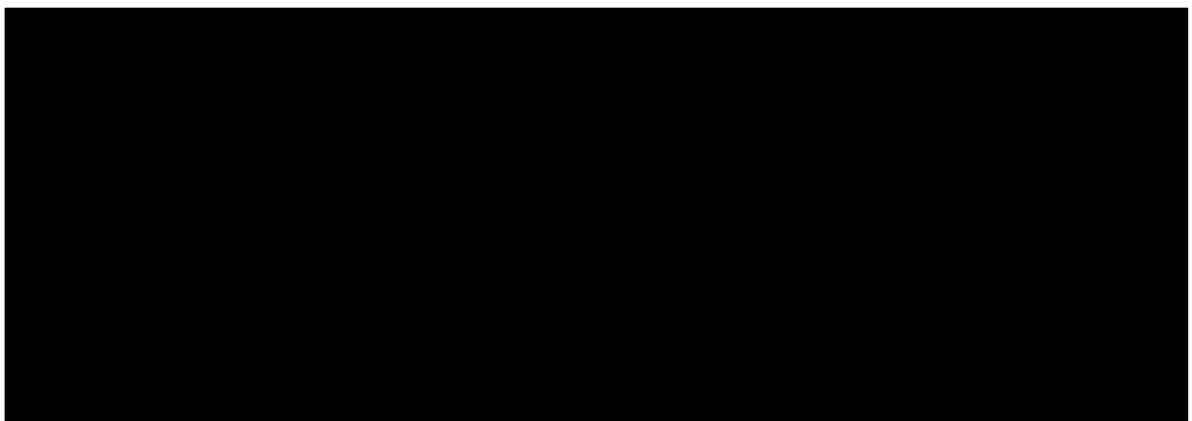

25X1A

25X1A

1. [REDACTED] telephoned me this morning to advise that the Inspector General has given up 500 square feet of space in the Headquarters building. He also advised that DD/I has determined that they will vacate 7,000 to 10,000 square feet of space in the Headquarters building by moving the Geography Division of the Office of Basic Intelligence to the Magazine Building. Some of the space to be vacated is located behind the DD/I barrier. I asked [REDACTED] to keep me informed, and we will work out the allocation of the vacated space with DD/I, of course, having first priority interest.
